

Ming-Yen Chen

Visual Designer with a background in front-end development

EXPERIENCE

2013 - 2025

CyberLink Corp., Taipei, Taiwan

Project Manager, Web & Visual Design

- Led end-to-end planning, design, and optimization of product websites and campaign pages for flagship multimedia software, including PowerDirector and PhotoDirector
- Translated complex product features into clear, visually compelling, and user-friendly web experiences
- Continuously refined site structure, layout systems, and interaction behavior to support marketing and e-commerce strategies
- Collaborated closely with product marketing, engineers, and stakeholders to ensure design accuracy and implementation quality
- Improved scalability and consistency across product and campaign pages through reusable layout and visual patterns

2007 - 2012

Agenda (WPP Group), Taipei, Taiwan

Senior Designer / Flash Developer

- Managed and delivered digital and branding projects for global and regional clients, including Nissan, Luxgen, Nokia, FETnet, Citibank, IKEA, Coca-Cola, 7-Eleven, and Carrefour
- Designed visual concepts and digital assets across a wide range of marketing campaigns
- Worked closely with account teams and creatives to align design execution with brand strategy and client objectives
- Supported multiple projects simultaneously while maintaining visual quality and consistency

2004 - 2007

EURO RSCG (Havas Group), New York, USA

Flash Developer / Designer

- Developed Flash-based websites and online advertising campaigns for clients such as Intel, Volvo, Jaguar, Charles Schwab, Exxon Mobil, and Zac Posen
- Implemented interactive experiences using ActionScript, with a focus on object-oriented programming
- Gained hands-on experience with MVC frameworks and common design patterns
- Collaborated closely with designers, developers, and mentors in a fast-paced agency environment
